

## Geek Love Cross Stitch Tutorial

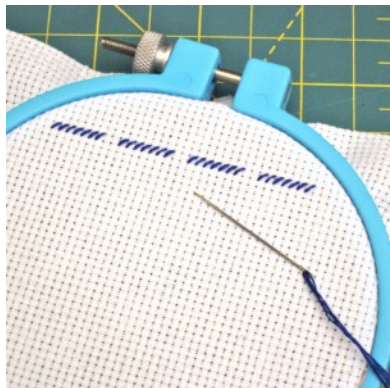

### Materials

- **Cross-stitch fabric**, 5" x 5" square of 14-count
- **Embroidery floss**, less than 1 skein each of navy blue, gray, light blue, red, green, yellow, and silver
- **Embroidery needle**
- **Embroidery scissors or thread nippers**
- Pattern

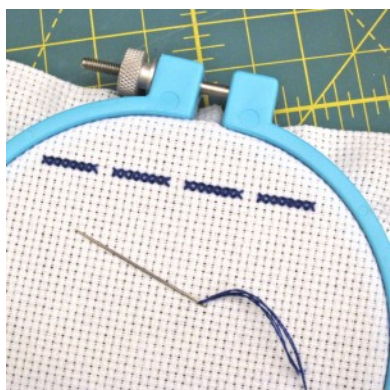

## Instructions

### Step 1

Cross-stitch patterns are worked in horizontal rows. To begin, work the first leg of each stitch across the full length of the row using 2-ply embroidery floss. Count each stitch carefully to ensure correct spacing.

### Step 2

Once you've stitched all of the legs in one direction, cross each stitch in the opposite direction, working backwards toward the beginning of the row.

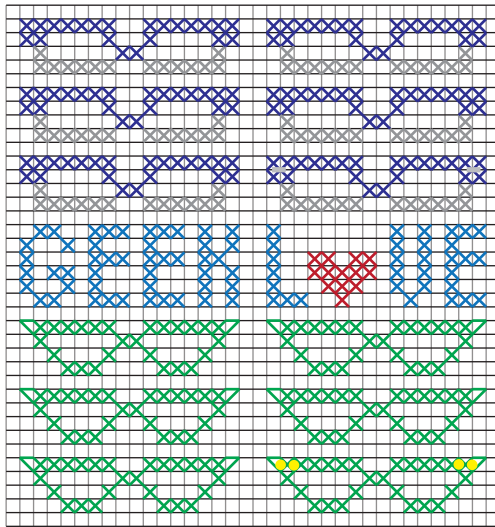

### Step 3

Once you've completed the first row, finish each subsequent row following the instructions in steps 1 and 2.

### Step 4

After you've completed all rows in the pattern, give your glasses a touch of personality by adding silver temples to the pairs in navy and yellow french knot "pearls" to the pairs in green.

Stitch Color Key

- × Navy Blue
- × Light Blue
- × Red
- × Green
- × Gray
- Silver
- Yellow (french knot)

**Stitch using 2-ply embroidery floss on size 14-count cross stitch fabric.**

**Once stitching is complete, add silver and yellow decorations to each pair of glasses.**
